HAVEN HEALTH'S STATEMENTS OF PRINCIPLE

1. Haven Health is an outreach ministry of Jesus Christ through His church. Therefore, Haven Health Clinic, embodied in its volunteers, is committed to presenting the gospel of our LORD to women with crisis pregnancies both in word and in deed. Commensurate with this purpose, those who labor as Haven Health board members, directors and volunteers are expected to know Christ as their Savior and LORD.
2. Haven Health is committed to providing its clients with accurate and complete information about both prenatal development and abortion.
3. Haven Health is committed to integrity in dealing with clients, earning their trust and providing promised information and services. Haven Health denounces any form of deception in its corporate advertising or individual conversations with its clients.
4. Haven Health is committed to assisting women to carry to term by providing emotional support and practical assistance. Through the provision of God's people and the community at large, women may face the future with hope, and plan constructively for themselves and their babies.
5. Haven Health does not discriminate in providing services because of race, creed, color, national origin, age, or marital status of its clients.
6. Haven Health does not recommend, provide, or refer for abortion or abortifacients.
7. Haven Health offers assistance free of charge, at all times.
8. Haven Health is committed to creating awareness within the local community of the needs of pregnant women, and of the fact that abortion only compounds human need rather than resolve it.
9. Haven Health does not recommend, provide, or refer women for contraceptives.
10. Haven Health recognizes the validity of adoption as one alternative to abortion, but it is not biased toward adoption when compared to the other life-saving alternatives. Pregnancy Medical Clinics (PMCs) are independent of adoption agencies, relating to them in the same manner as to other helpful referral sources. PMCs receive no payment of any kinds from these agencies, do not enter into contractual relationships with them, and do not share combined office space. Adoption agencies are not established under the auspices of clinics. PMCs neither initiate nor facilitate independent adoptions, though they may refer for independent adoptions in states where it is legal.
